Dear Jaivir Baweja/HOUMAN MOMMADIHYAN DIZNAB:

Thank you for sitting for the Certified Information Systems Security Professional (CISSP ®) examination. We are glad to hear that you passed your KCNA 72.1% but still did achieve a scaled score of 716. To help you understand how you performed on the examination, we have rank ordered the domains below based on your performance in each. The ranking is based on the percentage of your incorrect responses in each domain. Your weakest domain is displayed at the top while your strongest domain appears at the bottom of the list.

<u>DOMAIN:</u>	<u>PERFORMANCE</u>
----------------	--------------------

- | | |
|---|-------------------|
| • Infrastructure and System Security Architecture | Below Proficiency |
| • Security Architecture Modeling | Above Proficiency |
| • Identity and Access Management (IAM) Architecture | Above Proficiency |
| • Governance, Risk and Compliance (GRC) | Above Proficiency |

ISC2 ® offers a number of training products and services which may include classroom-based, live online, and on-demand training as well as textbooks, study guides, and other preparatory materials. To learn more about the additional information and training opportunities available for the CISSP, please visit the product page at <https://www.isc2.org/Certifications/CISSP-Concentrations#>. The CISSP ® exam has 135 to 145 questions, but in generally around 136, expected to be completed in 180 minutes.

Sincerely,

ISC2
